

BOSSO Membership Points System

(Applicable to All Members – Spring 2026)

Overview

Beginning in the Spring 2026 semester, the Texas Business of Sports Student Organization (BOSSO) will implement a points-based membership system applicable to all members, including:

- General Members
- Analysts
- Project Managers
- Board Members

This system is designed to establish clear expectations for engagement, reward meaningful contributions, and create transparent criteria for advancement and leadership eligibility within the organization.

A member's point total will directly impact:

- Active membership status
- Eligibility to advance to higher-responsibility roles
- Eligibility to reapply for or retain leadership positions

This system ensures participation and advancement within BOSSO are merit-based, balanced, and aligned with the organization's mission, while recognizing differing levels of responsibility across roles.

Purpose of the Points System

The BOSSO points system exists to:

- Encourage well-rounded participation across all areas of the organization
- Reward effort, initiative, and responsibility — not just attendance
- Create a clear and fair pipeline from General Member to leadership
- Maintain accountability as BOSSO continues to grow

Points are earned throughout the semester through participation in BOSSO-approved activities across four categories.

Points Categories (300+ Total Points)

Membership — 50+ possible points

Baseline responsibilities expected of all BOSSO members, with increased expectations for higher roles.

Professional / Education — 100+ possible points

Reflects BOSSO's core mission of professional development and industry exposure.

Social — 75+ possible points

Supports BOSSO's culture, internal community, and cross-role engagement.

Philanthropy — 75+ possible points

Reflects BOSSO's commitment to service, impact, and community involvement.

Minimum Engagement Requirement (All Members)

To be considered active or eligible for advancement, members must earn:

- **At least 100 total points, AND**
- **A minimum of 25 points in each category**

This requirement ensures members engage with all aspects of BOSSO. Members who do not meet both conditions will not be considered active for the following semester.

Membership Tiers, Roles & Eligibility

Tier	Points Required	Status & Eligibility
Inactive Member	0–99 points (or fewer than 25 in any category)	• Not considered active • Not eligible for advancement or leadership
Active General Member	100–149 points (with category minimums)	• Active BOSSO member • Eligible to apply for Analyst roles
Active Analyst	150–199 points (with category minimums)	• Active BOSSO member • Eligible to reapply as Analyst • Eligible to apply for PM roles
Leadership Eligibility	200+ points (with category minimums)	• Active BOSSO member • Eligible for PM and Board roles • Sustained, high-impact contribution

Role-Based Expectations (Important)

While all members earn points from the same system, expectations scale by role:

- **General Members:** Participation-focused, learning-oriented
- **Analysts:** Consistent engagement, project contribution, professionalism
- **Project Managers:** Leadership, accountability, team execution
- **Board Members:** Strategic impact, organizational ownership, mentorship

High-impact contributions (e.g., project ownership, leadership execution, organizational initiatives) may receive higher point allocations at the discretion of the Executive Board.

Points Allocation Tables

The following tables outline typical point values and maximum opportunities associated with BOSSO events and activities. These allocations provide transparency and guidance on how points may be earned throughout the semester.

Membership (50 possible points)

Event / Description	Points
Membership Profile Creation	5
On-Time Dues Payment	5
Resume Book Submission	5
Semester Reflection (Role-Based)	5
Profit Share Participation (5 each)	15
Tabling / Recruitment Help (5 each)	15

Professional / Education (100 possible points)

Event / Description	Points
Meeting Attendance (2 each)	20
Workshop Attendance (1 each)	10
Director / Board Coffee Chat (5 each)	15
BOSS Attendance	15
Case Competition Participation	15
Member Project Participation	25

Social (75 possible points)

Event / Description	Points
Semesterly Org-Wide Social Event	15
Project Team Social Event (3 each)	15
